SAFETY CAMPAIGN STARTED BY ROTARY

Week of Sept. 17-24 To Be Devoted To Campaign To Improve Conditions

With President Homer W. Carpenter, who has been on his regular weekly meeting of the Rotary Club at the Glyndon Hotel was devoted chiefly to discussion and permanent arrangements being perfected for the "Safety Campaign" which will be inaugurated during the coming week. The committee of which Rotarian Z. T. Rice is chairman, outlined to the session their plan of operation which was unanimously adopted and the committee will proceed with their extensive program.

The chief result that is expected to be obtained from this campaign is the safety of the school children as well as pedestrians throughout the city, and among some of the plans of operation will be asking the City Council for a better parking arrangement for the numerous autos, placards placed in homes and stores and other conspicuous places asking for co-operation from every one, speakers to address all of the school classes directly after the new school year opening and other methods of publicity that will encourage safety and make Richmond a 100 per cent safe city for both the pedestrian and the automobile driver.

After the regular business session, President Carpenter introduced J. H. (Jack) Hinsell, of Winchester, who formerly traveled for the National Biscuit Co., making this city every week for ten years but now in business at Winchester. Mr. Hinsell delighted the meeting with several dialogue recitations, given in Jewish, Italian and Negro dialect. His wide range of imitations showed his cleverness in this particular line.

William C. Evans of the Madison Laundry was welcomed as a new member.

The public safety rules which the Rotarians will publish broadcast are as follows:

For Drivers

1—Keep within the speed limit. Don't be a law-breaker.

2—Look where you are going. Let others study the stars.

3—Turn corners slowly. You might meet the undertaker.

4—Signal before turning. It sometimes saves a life.

5—Signal before stopping. There's somebody behind.

6—Keep to the right side. Don't take the whole road.

Pedestrians

1—Look both ways before crossing the street. Wait until way is clear.

2—Do not play in the public street. They were made for other purposes.

3—Don't take chances on automobile drivers. They may be drunk or careless.

4—Educate your children in rules of public safety. It may save funeral expenses.

5—Remember the streets were made to drive in, not to walk in, except for stock.

CONVENTION OPENS WEDNESDAY MORNING

A two days session of the Madison County Sunday School Association of the Christian churches will open at the First Christian church here Wednesday morning at 9:30 o'clock. The convention is going to be the biggest of its kind ever put on in this county. President John W. Arnold has arranged good programs for each day. These programs are also very helpful ones and are sure to make this convention a banner one. Able speakers from both in and out of the county have been secured for the occasion. In the evening H. E. Taylor, of Berea, will deliver an address. This program is assured a good one by the presence of Mr. Taylor. The morning and afternoon programs will also be above standard. Everyone is cordially invited to attend every session.

Bank Indictment Quashed

(By Associated Press) Munfordville, Ky., Sept. 12—An indictment against Charles Charles Hunt, of Edmonson county, a farmer, charged with complicity in the robbery of the Bank of Camer, was quashed in circuit court here today. W. V. Bell, president of the First National Bank of Horse Cave, was also indicted in connection with the affair.

ODD FELLOWS PLAN FOR GRAND LODGE

Madison Lodge of Odd Fellows are making preparations for entertainment of the Grand Lodge which meets here beginning Monday, October 9th, and continuing through to the 16th. It is expected that from 400 to 600 delegates will be guests of the city. Plans for entertainment of the big crowd are being made on an elaborate scale.

It is expected that all business men will decorate their houses and the public buildings will be draped with bunting and patriotic colors. Committees from various organizations will probably be appointed to make the stay of the Odd Fellows here attractive in every way possible.

STRIKERS EXPECT TO DECIDE AT ONCE

(By Associated Press)

Chicago, Sept. 12—A basis for settlement of the strike of railway shopmen was considered today by the general policy committee of the shop crafts. B. M. Jewell, head of the railway employees department of the American Federation of Labor, announced at the conclusion of the committee's morning session, Jewell's brief statement was the first public acknowledgment that a strike settlement basis had been presented to the polyx committee. He would give no indication what the plan was, but Jewell and many other union leaders were smiling when they left the conference room. They said a decision was expected this afternoon.

FRAUD ALLEGED IN LAND OFFICE

(By Associated Press)

Frankfort, Ky., Sept. 12—Alleged fraudulent entries in the records of the land office here were said today to be under investigation by the Franklin county grand jury. The entries, it was stated, affected title to 9,000 acres of land in Scott county, Tennessee, which once was part of Kentucky. Discovery of the alleged irregularities came about through a suit of F. J. Lemoyne, of Baltimore, Md., against J. G. Webb, of Corbin, Ky., a jeweler, over a small tract of land in Scott county in Webb's possession. The land is located on the waters of Tellico Creek in the vicinity of Capuchin mountain.

Crisis in Mrs. Harding's Illness Seems Passed

(By Associated Press)

Washington, Sept. 12—Early visitors to the White House were given optimistic reports as to the condition of the President's wife. Secretary Weeks said she showed marked improvement over yesterday and that, barring a relapse, an operation would not be necessary. The first official bulletin issued said the crisis "seems to have been passed."

Notice To Burley Growers

Members of the Burley Tobacco Growers' Co-operative Association who may be unable

to attend the election next Saturday may obtain ballots to vote by mail or to send in by other members from the following: A. K. McCown, Robt. Doty, Elmer Parrish, Richmond, Kentucky.

Harlan, Ky., Sept. 11—R. G. Clark, charged with shooting and wounding two officers, J. P. Kennedy and J. M. Flannery, on Clover Fork, resulted in a verdict of one year in the pen.

SHACKELFORD TAKES UP RENAKER CASE

In Charging Grand Jury At Winchester Which Will Probe Mysterious Murder

Winchester, Ky., Sept. 12—Specifically mentioning the murder of Leon Renaker as a matter for investigation, Judge V. R. Shackelford charged the Clark county grand jury Monday morning on the convening of circuit court to indict the accused men for trial if they believed that they were connected with the murder. The duty of the grand jury is not to try a case, the judge admonished in this connection, but to investigate and accuse. Declaring that the whole fabric of law enforcement depends upon the grand jury, Judge Shackelford told the grand jury that a criminal does not commit a crime without first considering his chance for escaping punishment and that there are no extenuating circumstances to lighten punishment when a crime has been committed.

The grand jury empanelled is composed of Houston Beall, foreman; H. Phelps Renick, E. R. Jones, Edward A. Thomas, E. C. Ramsey, J. T. Kennedy, J. W. Slope, K. P. Hadden, Asa H. Brock, C. D. Gray, Ellis R. Wade and Dan Luman.

Before the grand jury was empanelled Prof. J. B. Sibley, Professor of French and Director of Athletics at Kentucky Wesleyan College, was admitted to practice at the local bar. Professor Sibley received a law degree from the Jefferson School of Law in 1908 and was admitted to the Kentucky bar several years ago. The following petit jurors were empanelled: Sid Amster, G. A. Haggard, Ben R. Owen, J. A. Osborne, Asa J. Ballard, R. A. J. Huls, Roy Flynn, J. S. Powell, Tilman Shearer, Claude Elkin, S. J. Tucker, S. H. Rutherford, W. F. Kragland, Lewis Holliday, W. H. Greening, J. C. Booth, Grant W. A. P. May, M. L. Tapp, Clayton Hisle, B. B. Fox, W. W. Wills, Kelley Duncan, Wallace Woods, John McCormick and Eli Bean.

STRIKE INJUNCTION CONTINUED TEN DAYS

(By Associated Press)

Chicago, Sept. 12—The temporary restraining order granted the government September 1 against the striking railroad shop crafts and their leaders Monday night was continued in effect for not to exceed ten days. The original order would have expired at midnight.

Federal Judge James H. Wilkerson ordered the continuance on the government's motion at the close of the first day's hearing on the petition of the attorney general for a temporary injunction to replace it. The continuance, the court stipulated, will terminate upon the decision in the injunction hearing.

As a result of the continuance the injunction hearing will be halted while attorneys for B. M. Jewell, president, and John Scott, secretary-treasurer, of the federated shop crafts, argue for a modification of its drastic penalties.

Jewell and Scott were the only two of the more than 240 strike leaders and 200,000 strikers affected by the restraining order represented in court by counsel. They lost the first battle when the court denied their motion that the government's petition be dismissed.

Members of the executive household described the bulletin as the "best news" from the patient's bedside since her condition became critical last week. It showed her temperature the nearest approach to normal since she became seriously ill. Immediately after the bulletin was issued there was noticeable lessening of the tension at the White House.

Harlan, Ky., Sept. 11—R. G. Clark, charged with shooting and wounding two officers, J. P. Kennedy and J. M. Flannery, on Clover Fork, resulted in a verdict of one year in the pen.

COMMITTEE TO MAKE ROAD TAX STATEMENT

IRVINE BULLOCK CASE DROPPED

County Attorney Chenault Says Evidence Is Not Sufficient For Conviction

The warrant against Irvine Bullock, of Rockcastle county, who is alleged to have secured state teachers' examination questions and brought them to Richmond last June, has been dismissed by County Judge John D. Goodloe.

After considerable discussion it was decided that the committee will prepare and publish to the people of the county a complete statement of their ideas at suggestions about the matter.

The necessity of impressing upon the people of Madison the importance of voting this special tax if any considerable road improvement work is to be done in this county with the benefit of state-aid funds, is said to have been felt by the members of the committee. It is understood that the statement to be published is now being prepared and will soon appear over the signatures of the members of the committee.

At this meeting were M. C. Kellogg, R. E. Turley, R. G. Woods, John W. Teater, Arch Hamilton, J. Hale Dean and Judge Goodloe.

G.O.P. VOTE GREATLY REDUCED IN MAINE

(By Associated Press)

Portland, Me., Sept. 12—Returns from two-thirds of the state give a majority of about 16,000 to Hale, republican, for senator and Baxter, republican, for governor. The vote of 421 precincts out of 635 in the state, representing 379 cities, and towns out of 520, gives for senator Hale republican, 52,035; Curtis, democrat, 35,952.

For governor, Baxter, republican, 53,470; Pattangall, democrat, 37,296.

WHEN the final call comes to a member of the family, it is natural to desire a memorial service in which fitting honor shall be paid and faith in the larger future shall be expressed.

At such a time, those who are suffering the strain of parting must be relieved of the details of arrangement. Furthermore, if the arrangements are to be perfect, they must be placed in highly trained and experienced hands.

There is a funeral director in your community who, possessing this skill, also understands that he is called upon for something more than professional service — that the essence of his responsibility is to carry out each detail in the spirit of a labor of love.

HEARD ABOUT TOWN

Editor Fitzhugh comes across with another of the snake stories for which he has made his Wilmore Enterprise famous. Everybody likes to read a good snake story. He says:

Ben Long sends us his annual Shaker Bend Snake Story. It is a little late this season but fully up to the standard, even if a little behind the schedule. Here it is.—Editor, Wilmore Enterprise.

Last Tuesday, while Ed Scott and wife Lamb were gathering up tobacco sticks from a large pile on the hill above Brooklyn, they stirred up such a lot of copperhead snakes that the air seemed full of them for a while. It is supposed they had made a den among the sticks and were enjoying life, after the manner of snakes, in a community home on the high bluff overlooking the peaceful village of Brooklyn, until they were rudely disturbed by Ed and Joe.

The men killed 28 snakes altogether, eight old ones and twenty not so old, ranging from inconsiderable infants to lusty youths. Some of them showed white light but it made no difference. They were dispatched along with the more quiet ones. It is not known how many got away. The dead ones placed end to end reached a considerable

To Stop Pimples Yeast Vitamines Must Be Ironized

Ironized Yeast Combines the Necessary Body-Iron and Body-Vitamins Which Make Skin Eruptions Vanish Absolutely

You can prove the remarkable results of ironized yeast in a few days' time. To get results that you can actually see in your mirror, and actually feel in your whole make-up, you must use that yeast which gives

The sweetest, dearest kisses are those given on clean, pure skin. It is necessary to use ironized yeast with the proper kind of strength-giving yeast in the same form as it exists in the human body. There is only one yeast product in the world that can be used simply, ironized yeast. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance that will not irritate the skin, and eruptions mean that you are minus the right kind of iron and vitamins. You need both, ironized yeast, oil and a few drops of camphor, to remove your skin eruptions. These will vanish, your purified rich red blood will glow in the ruby of your cheeks, and natural skin-clearness. Ironized yeast will put new strength in your nerves, new red blood cells in your blood. It builds strength in every organ. In men and women, it gives a new glow and strength. Ask for ironized yeast, nothing else. Beware of imitations. Ironized yeast is sold at all drugstores at \$1.00 a packing. Each packing contains 100 tablets.

Entertained At Tea

Mrs. Covington Jett was hostess to a most attractive tea at her home in Bardstown, honoring her guest, Mrs. Gordon Parrish, of this city. Assisting the hostess were Mesdames B. F. Boggs, Ray Foster and J. Harris. Delicious ices, cakes and frappe were served during the hours and about fifty guests were present for the very delightful affair.

500 Party

The Irvine Times has this of interest to her friends here: Miss Dovie White entertained with a 500 party at her home in Ravenna Tuesday evening in honor of her guest, Mrs. Bunn, of Detroit. The house was beautifully decorated in cut flowers, carrying out the color scheme of pink and blue. At the conclusion of the game an elaborate luncheon was served. The favors for the women were dolls dressed in pink and blue as colonial dames. The men's favors were pink rose bud boutonnieres. The guests were Mrs. Bunn, Detroit, Mrs. Thorburn, Chicago, Mr. and Mrs. E. C. Sparks, Mr. and Mrs. A. B. Smith, Mr. and Mrs. E. L. Wise,

Mr. and Mrs. John Graves, Mrs. Scott, Mrs. Hallie T. Vaughn, J. A. Blanton, Mr. and Mrs. Geo. Johnstone, Mr. and Mrs. Ben Crawford and Elizabeth Ratliff.

MRS. LULA VANN FULTON, ARK.

Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be in my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a trial. Now I am able to do my work and don't even have a lack of energy now. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, 49, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given in word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine. If you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

Here is a woman who is so grateful and glad to be relieved from a painful and nerve-racking physical condition that she wishes to tell all about you.

MINISTER TO CONDUCT A LEGAL EXECUTION

(By Associated Press)

Des Moines, Ia., Sept. 12.—Intervention of executive clemency apparently is all that will forestall Winifred E. Robb, minister and former chaplain of the 168th Infantry, Rainbow division, from carrying out the execution by hanging of Eugene F. Fosdick, Des Moines grocer, at 12 o'clock noon, Friday September 15. So far as known, Robb will be the first minister to act in such a role. "My duty is clear," Sheriff Robb said. "The law specifically provides that the sheriff of the county in which a prisoner is convicted of first degree murder shall attend to the details of the hanging or detail the task to one of his deputies."

Sheriff Robb states that while he favors capital punishment he does not believe in hanging.

To justify his actions, the former chaplain quotes from the Bible as follows: "Whosoever sheddeth blood by man shall his blood be shed." He says the Bible is full of examples of capital punishment.

Sheriff Robb until recently was pastor of the Urbandale Federated church here. When it appeared that the date of Week's execution would come during his term of office as sheriff, Robb resigned his pastorate. He explained that he did not want his acts as sheriff to cause embarrassment to members of his church.

Robb's career as sheriff of Polk county, the most thickly populated in Iowa, has been a spectacular one. On October 27, unless intervention is made, he or one of his deputies will be obliged to hang Orrie Cross, accomplice of Weeks in the slaying of Fosdick.

Robb was decorated with the distinguished service cross during the world war for extraordinary heroism displayed in attending to the needs of the men in his regiment during the drive against the enemy at Chateau Thierry. His citation shows that "during all of this time and particularly during the operation near Sergy, he showed the greatest coolness under severe artillery fire in attending to the needs of the men of his regiment." Robb recently was selected as the democratic candidate for Congress from the seventh Iowa district.

Door to Long Living

The men of eighty-five and ninety years of age are not the rotund, well fed, but thin, spare men, who live on a slender diet. Be as careful as will however; a man past middle age will occasionally eat too much of some article of food not suited to his constitution, causing indigestion or constipation and will need a dose of Chamberlain's Tablets to move his bowels and invigorate his stomach. When this is done, there is no reason why the average man should not live to ripe old age.

RICHMOND ACCEPTS ROQUE CHALLENGE

The following article from the Nicholasville Journal has brought several replies from local roque players:

Our townsman, George B. Montgomery, is the champion croquet player of the blue grass, and his partner, F. L. Sears, is second. In two games against A. C. McClary and John B. Chamber two splendid players, Montgomery in the two games made all the wickets in two plays and Sears all the wickets excepting two, winding it up with the next play. What adjoining town can beat this?

When members of the Richmond Roque Club were asked if they had ever met the Nicholasville stars it was found that in several matches including at least 20 games, Nicholasville had not won a game from the Richmond players. The Nicholasville paper should be a little more careful in claiming the championship of the blue grass for their players when Richmond boasts the undisputed champions at roque in the state. Nicholasville will have another crack at the roque crown in the near future as they have been invited to play here with the local stars.

The Richmond club is still the ranking roque club in the state and is ready to arrange matches with any team.

The Democratic National Committee Needs Money and

**MON Needs It
But Give It Now**

The Democratic Party has no privileged classes, no protected profiteers, no trusts or money-bounds to appeal to. It represents only the people, therefore it appeals only to them.

This is a Democratic year. Do your share to help win the victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President took office was \$1,000,000,000.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of nearly \$30,000,000,000.

Wilson went into office in 1913 with \$185,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$115,000,000,000. The present wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in five years.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY.

They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920, to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes from the multi-millionaire and profiteering class to the smaller taxpayers without lifting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget), three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

THREE ARE HELD TO GRAND JURY

Three persons were held to the grand jury and one received a heavy fine in county court Friday. Milton Newman, colored, was held to the grand jury under a \$200 bond for malicious shooting. He is alleged to have shot George Parks while the latter came to his home to see his wife who is Newman's daughter. Newman testified that his daughter had just returned from a sanitarium and was in no condition to see Parks from whom she had separated.

Lee Todd was fined \$100 and given 30 days in jail on a charge of having liquor in his possession and giving it to Willie Smith. Smith testified that he rode to town with Todd on a day and received the moonshine then. Both are colored and residents of the Brassfield section.

Willie Smith waived examining trial on a charge of horse stealing and was held to the grand jury under a \$200 bond to appear on the third day of October term. Smith said that he was drunk and did not know his horse from the one he is alleged to have stolen when he took it from the stable.

Hugh F. Francis was also held to the grand jury under a bond of \$200 for carrying concealed deadly weapon, namely a pistol.

By agreement Mrs. Grace Lamb was dismissed on the charge of shoplifting and petit larceny.

Eighteen negroes were drowned near Homerville, Georgia, Monday when an auto truck in which they were going to a ball game crashed through a bridge.

Three boys were burned to death when gas in a mine exploded near Madisonville.

Misses Lena and Alice Duer son arrived home Thursday from a visit to relatives in Missouri.

OLD GUARD COMPANY MAY BE REVIVED

William S. Broadbush, former captain of Company M in the Kentucky National Guard, has been designated by the Adjutant General's office at Frankfort to organize another company here. Old Company M under Captain Broadbush ranked as the leading unit in the Kentucky national guard. This is the reason that the Adjutant General has given Richmond preference of another national guard company rather than some of the other towns in this section of the state.

Every young man 18 years of age or over in Richmond or Madison county should be interested in becoming a member of this company because of the educational advantages it offers besides the military training one can receive by joining. The old company proved to the young men of the county what advantages are offered.

Charles R. George, former captain in the United States army during the world war, will assist in the recruiting of the new company. Those desiring information should call at the office of W. S. Broadbush in the Oldham building where full particulars will be given.

SCHOOL DAYS

MONDAY, SEPTEMBER 11th, NEARLY ALL SCHOOLS OPENED FOR THE SEASON OF 1922-23.

The reports that are coming from all Central and Eastern Kentucky from our great educators are that they are expecting the biggest attendance, and the greatest success that we have had for several years.

The head of our big school system are all feeling fine and have planned in detail their year's work, by surrounding themselves with the best teachers and educators that could possibly be obtained. In our judgment there will be very few changes in this fine selection of teachers in every grade, from the Kindergarten on through the city and county schools to the big colleges, in many years to come. Our advice to any boy or girl is to take every advantage of this wonderful school system of ours, as there is nothing you could possibly possess that would be of the same value as a thorough education.

America was supreme in the last great conflict, principally due to our fine educational system. The most important big things were done by the seconds, and it all came about through educated men and women.

From the bravest, never flinching private soldier of every political affiliation and every foreign descent (for they were all true Americans then) with the exception of a very few, which number was too insignificant to even give a thought to, to the President of our country at that time. He also was a teacher and college professor, whom we should all be proud of regardless of our politics. There was not but one thing that this great young country found itself short of, and that was the good old "stand-by," the horse. If our country could have furnished the cavalry horses quickly, we would have ended the war six months before we did. But America says now that she will never be caught napping again along this line.

Now getting back to the schools, some of the colleges and schools have had us to equip their entire buildings with the very finest of new pianos, some of them grands. Orders are coming in every day for a few new pianos to be delivered later and we have had a corps of tuners and repair men tuning and

rebuilding school pianos now and for the last sixty days. This work is now in progress and being done. It is all in the schools through the schools that we have made a tremendous advancement in education and we have made the greatest progress possible for your benefit in the schools. We have stock complete with an line of 7,000 music books, and teaching materials, including the best beginner's books, in every grade.

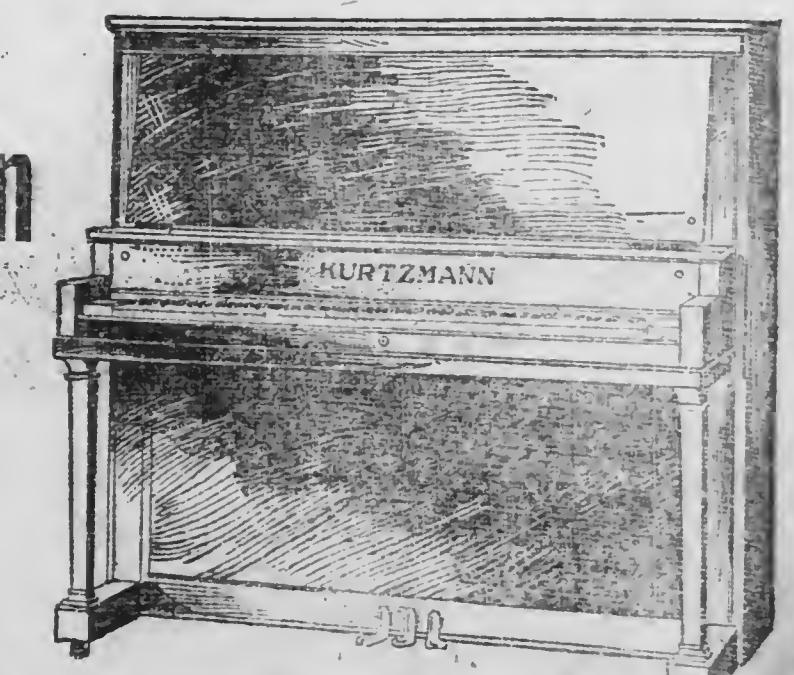

A great many teachers and individuals out of town have already received us what we consider orders for the very highest class of instruction. In the school teaching music that can be had in the big publishing houses. We extend to all regulars, it matters not whether in the school or in charge of private classes, an invitation to consult us on what books and teaching music are being used all over the country now. This information is yours for the asking and we can assure you that it will be a pleasure to help you in any way we can. We intend to make this the greatest bargain week we have ever had on all kinds of pianos; grands, uprights and use pianos. We have a number of these used pianos for beginners. They have all been rebuilt and put into A-1 condition. Parents should consider very, very carefully whether their children have the kind of piano they should have or not for the very best advancement in music as this is very important for the best results.

If you are in the least doubt on this point, we will be pleased to talk it over with you and send a competent tuner and rebuilder to aid you in your decision.

This White Mule Has a Kick

Mrs. J. Griswold Webb sustained her reputation as champion mule driver of New York society when she defeated Miss Margaret Miller, daughter of the Governor of New York, in the annual mule race at the Dutchess County Fair. Her white mule had the necessary kick to win.

PETER EARL

(from New York Herald) Peter Earl's performance in the Breeders' Futurity for three-year-olds at the Boston Grand Circuit meeting on Thursday disclosed another Richmond in the field for Lee Worthy 2:05 to last half of the final heat in 1:04. His first race as a three-year-old was against aged horses in the 2:11 class at Toledo, where he finished second to Louise de Lopez in 2:07 1-2. When he met Lee Worthy in the \$8,000 Marion Stakes at the second Toledo meeting the players made him favorite but he was beaten in 2:05 1-2 and 206 1-2 after winning the second heat in 2:05 3-4. In the \$11,000 Championship Stallop Stakes at Cleveland the next week, Lee Worthy again beat him but this time the Brooklyn colt gained a length on the winner in the homestretch.

In his brilliant race last week Peter Earl trotted the first half of his fastest mile in 1:01 and then stood off another challenge by Helen Dillon in the homestretch, winning by an open length in 2:04 3-4. This is not only the fastest heat of the season but one of the fastest heats ever won by a three-year-old so early in the campaign. After winning the race, Nat Ray, who drove Peter Earl, declared that he would give the colt a record of 2:03 or better at Lexington.

It is good business policy to deal with the

State Bank & Trust Co.

Our large Capital and Surplus of \$215,000.00, our experienced and efficient organization, and our Membership in the Federal Reserve System make for the most complete safety and the most satisfying service.

The combination of Federal and State supervision is your safeguard and we pay 4 per cent interest on savings accounts.

OTHERS MAY BE AS GOOD—BUT NONE BETTER
